Section 1 — Identification

Product: WD-40 Specialist Penetrant, aerosol. Manufacturer: WD-40 Company (distributed by LubeMaster Industrial under blanket PO). Emergency: CHEMTREC +1-800-424-9300.

Section 2 — Hazard identification (GHS)

- Aerosol, Category 1 (H222: Extremely flammable aerosol; H229: Pressurised container)
- Aspiration toxicity, Category 1 (H304: May be fatal if swallowed and enters airways)
- Specific Target Organ Toxicity — single exposure, Category 3 (H336)

Pictograms: GHS02 (flame), GHS07 (exclamation), GHS08 (health hazard).

Sections 3–16 (summary)

Composition (§3): aliphatic petroleum distillates, LPG propellant. First aid (§4): skin/eye flush; do not induce vomiting on ingestion. Fire (§5): use CO₂, dry chemical; do not puncture or incinerate cans.

Handling/storage (§7): store away from heat > 50 °C; no smoking. PPE (§8): safety glasses, ventilation.

Disposal (§13): empty can to recycle; partial can to hazardous waste. Transport (§14): UN 1950, Aerosols, flammable, Class 2.1. Use only in maintenance bays with adequate ventilation; not approved for use inside operating CNC enclosures.
