1. Part identity

Field	Value
Contoso part number	45621-B
Aeronova part number	ANV-TB-22841
Material	Inconel 718 (MAT-INC718) per AMS 5662, supplied by SUP-AERO-METALS
Manufacturing operations	OP10–OP40 (Wichita plant)

2. Compliance evidence

Requirement	Evidence
AS9100D §8.5.6 — material traceability	Per-lot MTR + Nadcap heat-treat cert maintained per ERP-MAT-INC718-SPEC §2. Retained 11 years.

AS9100D §9.1.1 — monitoring and measurement	OP40 100% CMM with calibrated probe; daily probe qualification; annual gauge R&R.
ASR-100 §4.2 — process FMEA on file	QMS-FMEA-45621B-RevA
ASR-100 §6.1 — controlled cutting parameters and tool-wear limits	PLM-WI-45621B-OP30-RevC (parameters) + PLM-PS-INC718-0042 (tool-wear limits)
ASR-100 §7.3 — operator training on Inconel 718	Training matrix maintained in HR system; certified operators only.

3. Certification statement

Contoso Precision Parts certifies that Part 45621-B, as manufactured under this controlled documentation set, complies with Aeronova Supplier Requirements ASR-100 Rev D, AS9100D, and the applicable airworthiness requirements (FAA Part 21, EASA Part 21). Any change to the controlled documents listed above will trigger re-evaluation per AS9100D §8.5.6 (control of changes) and customer notification per ASR-100 §5.1.

Restricted distribution. This certification package contains commercially sensitive technical data and is restricted to assigned Aeronova program personnel and Contoso quality leadership.
